# KOUSHIK BHARADWAJ

Guwahati, Assam | +91-6003896248 | koushikbharadwaj92@gmail.com

## CAREER OBJECTIVE

Electronics Engineer with M.Tech in “Signal Processing and VLSI” and over 4 years of experience in program leadership, stakeholder coordination, quality governance, and revenue-driven project execution. Seeking a Program Manager role at Tata Electronics to lead cross-functional initiatives, manage timelines, mitigate risks, and drive operational excellence in semiconductor manufacturing programs.

## PROFESSIONAL EXPERIENCE

**Project Engineer – E&ICT Academy IIT Guwahati (2021 – Present)**

- Led end-to-end execution of industry-aligned technical programs, managing scope, timelines, budgets, and delivery milestones.
- Directed cross-functional coordination between semiconductor companies, academic teams, and regulatory bodies to ensure program compliance and execution efficiency.
- Managed program lifecycle from planning to delivery, ensuring alignment with NCVET standards and stakeholder expectations.
- Generated over ₹1 Crore in revenue through strategic program planning, risk mitigation, and performance monitoring.
- Established KPI tracking frameworks and performance dashboards to monitor operational metrics and improve program outcomes.
- Implemented risk management and corrective action strategies to address delivery gaps and ensure schedule adherence.
- Oversaw partner engagement, vendor coordination, and quality governance to ensure consistent execution excellence.

## EDUCATIONAL QUALIFICATIONS

M.Tech – Signal Processing & VLSI Design, Gauhati University (GUIST), 2018 | CGPA: 7.44
B.E. – Electronics & Telecommunication Engineering, Gauhati University, 2014 | 67.1%
Higher Secondary (Science), CBSE, 2010 | 66%
Secondary Education, CBSE, 2008 | 77%

## RESEARCH & PUBLICATIONS

Published research on GaN-based Gate Injection Transistors (BNGIT) focusing on current collapse reduction and breakdown voltage improvement. Presented at 32nd Conference on VLSI Design (2019) and 18th International Conference on Embedded Systems (2019). Specialized in TCAD-based device modeling and semiconductor reliability analysis.
**Conference Paper Link**

## TECHNICAL SKILLS

**Software & Tools:**
Python (Medium), MS Excel (Good), Linux (Basic), SQL (Basic), Cadence/TCAD (Basic), VHDL (Medium)
**Engineering & Professional Skills:**
Process Documentation & SOP Writing, Data Analysis, Technical Reporting, Presentation, Curriculum Development, Quality Monitoring, Industry Coordination

## LANGUAGES KNOWN

English, Hindi, Assamese

## CORE COMPETENCIES

- Program Planning & Execution
- Cross-functional Team Coordination
- Stakeholder Management
- Budget & Revenue Management
- KPI & Performance Monitoring
- Risk Assessment & Mitigation
- Timeline & Milestone Tracking
- Quality Governance & Compliance
- Continuous Improvement

## DECLARATION

I hereby declare that the information furnished above is true and correct to the best of my knowledge.
